

BLYTH TOWN COUNCIL
Environment Committee
Tuesday 12 December 2023
Decision Report 1

MEMORIAL BENCH FOR FORMER MAYOR

Recommendations

The Committee RESOLVE to consider/agree: to former Cllr Robert Parker purchasing a recycled plastic bench with plaque and covering all costs for a commemorative bench to be installed for his late wife Margaret Parker who was also a former Councillor and past Mayor of Blyth Town Council.

Ward

Isabella

Risk Management

The installation of the bench will be met in full by Mr Parker and will have minimal maintenance impact on future budgets.

Objective

Maintaining the environment by updating street furniture with recycled plastic.

Report

Mr Parker has approached officers with a request to purchase a recycled plastic seat to be installed as a memorial bench for his late wife Margaret with a plaque to be attached. The seat would replace one of the St Issey metal benches that is currently located to the north of the Last Shift Sculpture opposite the Isabella Community Centre. The metal bench would be placed back into stock and relocated somewhere else when a seat is requested.
